

Hidden-Speakers.com

Outdoor Speakers

A superb range of weatherproof hidden-speakers for your garden.

Outdoor speakers that look like rocky stone or planters can fill your evenings with music whatever the weather.

The range of Hidden-Speakers.com rock and planter speakers are designed for outdoors and used in some of the most demanding commercial situations including Disneyland, Paris.

They are made from fibre-glass reinforced resin with a stone like coating which not only looks like rock but feels like it too.

All the speaker drivers in the rocks and planters are weatherproof and have been designed for optimal sound and durability.

Power ratings vary considerably, so please take time to choose the ideal speakers for your needs.

Colours are grey or sandstone

Small gardens

Rock20

The Rock 20 by Apart comes in

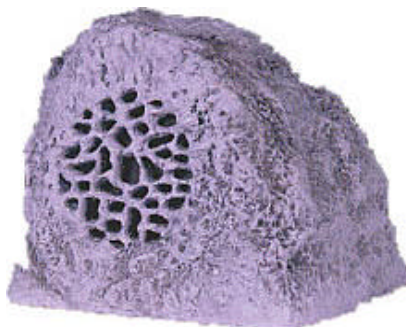

CyberSelect Ltd
4 Upper Goat Lane
